

Kindergarten Blazing Bronco Award

At Bastian Elementary your student will have the opportunity each year to earn a very special award. Each grade has their own requirements for this award. As students complete the requirements for the Kindergarten Award, they will receive a pennant with a special pin attached. Each year as they achieve the Bronco Award for that year, they will receive a pin to place on their pennant. By the end of their time with us at Bastian Elementary, they will have a keepsake of their accomplishments.

Due to the nature of Kindergarten and the fact that we would like each student to receive a pennant, the following requirements will be **completed at school**.
