Second by: [Leslie Andrus](#)
In Favor: [All](#) Opposed:

3. School Start Times - What further action is needed, if any?
[Bastian staff \(informal survey\)](#) is not in favor of a time change.
[Bastian Administration](#) is not in favor due to the times of MS and preschool. Community - one group 60/40 for earlier start times; second group more preferred the current schedule. Some people would have preferred an official vote. Most who want an earlier time also see the logistics of the middle school and preschool factors are important.

[Teachers](#) are concerned about having their planning times in the morning rather than in the evening. Mornings are more productive for most teachers.

[Will leave it as is and can revisit it in the future.](#)
